## The Tilly Tumbler - w/ handle 900ml

### Why We Love It

One trend design, Made from 91% recycled post-consumer metals offering a great capacity size and built to withstand the demands of everyday use.

### How To Sell It

With a detachable handle and a sleek 900ml design, this bottle offers a wide range of printing options and conveniently fits in most cup holders.

#### Grip with Ease, Detach and Style

The Tilly boasts a detachable handle that provides a secure grip while staying separate from the bottle, enabling rotary printing and expanding printing capabilities.

#### Twice the Wall, Double the Chill

Crafted with double-wall stainless steel, it delivers superior insulation to keep your beverages at the perfect temperature.

#### Sip Confidently, Spill Never

The screw lid is thoughtfully designed for simplicity and ease of use, ensuring a secure seal that prevents leaks.
